

# Sins of Saints

(Galatians 6:1)

- Introduction:
1. Sin is a topic that we don't talk much about, but in order to appreciate the concepts of salvation and grace, we must understand sin.
  2. There are many ways to sin.
    - a. Omission and Commission.
    - b. Weakness and Rebellion.
  3. We can even sin in our handling of people who are entangled in sin.
  4. (Galatians 6:1).
  5. In this lesson, I want to point out three sinful ways of dealing with sin and how we should deal with sin.

## I. Callousness

- A. Some people aren't phased by sin.
- B. They've grown desensitized and have learned to accept it.
- C. (1 Corinthians 5:1-2).
- D. (Revelation 2:20).

## II. Contempt

- A. We can sometimes cop some terrible attitudes toward sinners.
- B. There is no place for a "holier-than-thou" attitude when following Jesus (Isaiah 65:2-5).
- C. (Romans 2:1-24).
- D. (Luke 18:10-14).

## III. Condemnation

- A. I'm not talking about condemnation of sin, but of the sinner.
- B. Could it be that in our condemnation of sin, we make it impossible for people to see that we still love the sinner?
- C. (Luke 9:51-56).
- D. (Jonah 3:10-4:4).

## IV. Compassion

- A. Compassion doesn't compromise truth.
- B. Compassion exposes sins.
- C. Compassion calls for repentance.
- D. But compassion demonstrates genuine love for the sinner.
- E. (John 8:1-11).
- F. (Luke 7:36-50).

- Conclusion:
1. Friends, let's remember the danger and consequences of sin.
  2. Don't allow it to creep into your life unnoticed and take up residence.
  3. May God help us to identify it, and respond to it biblically.
